

Alejandro Luque Estepa	CWI, The Netherlands
Anna Odzimek	University of Leicester, U.K.
Anthony Alabi	University of Ibadan, Nigeria
Bernard Blake	The Aerospace Corporation, U.S.A.
Boris Khrenov	Moscow State University, Russia
Brant Carlson	Stanford University, U.S.A.
Brian Grefenstette	University of California, Santa Cruz, U.S.A.
Bryna Hazelton	University of California, Santa Cruz, U.S.A.
Caitano Luiz da Silva	INPE - Brazil, Brazil
Carl Budtz-Jørgensen	National Space Institute, Technical University of Denmark, Denmark
Chao Li	CWI, The Netherlands
Christian Hanuise	LPCE/CNRS, France
Christophe Bastien-Thiry	CNES, France
Craig Rodger	University of Otago, New Zealand
David Smith	University of California, Santa Cruz, U.S.A.
Dmitry Iudin	Radiophysical Research Institute, Russia
Earle Williams	Massachusetts Institute of Technology, U.S.A.
Elena Séran	CETP, France
Elisabeth Blanc	CEA/DASE, France
Enrico Arnone	University of Bologna, Italy
Fabio Fuschino	INAF/IASF-Bo, Italy
Fernanda Sao Sabbas	INPE - Brazil, Brazil
Fernando Simoes	CETP/IPSL, France
Francesco Longo	Department of Physics and INFN Trieste, Italy
François Lefeuve	LPCE/CNRS, France
Geraldine Garcia	CEA, France
Hanna Rothkaehl	Space Research Center PAS, Poland
Han-Tzong Su	National Cheng Kung University, Taiwan
Hervé de Feraudy	CETP, France
Ib Lundgaard Rasmussen	National Space Institute, Technical University of Denmark, Denmark
Il Park	Ewha W. University, South Korea
Irfan Kuvvetli	National Space Institute, Danish Technical University, Denmark
Jan Blecki	Space Research Centre PAS, Poland
Jean-André Sauvaud	CESR and CNRS-University of Toulouse, France
Jean-Baptiste Renard	LPCE/CNRS, France
Jean-Claude Lalaurie	CNES, France
Jean-François Santucci	University of Corsica, France
Jean-Jacques Berthelier	CETP, France
Jean-Louis Pinçon	LPCE/CNRS, France
Joan Montanya	Universitat Politècnica de Catalunya, Spain
Jose L. Trueba	Universidad Rey Juan Carlos, Spain
József Bór	Geodetic and Geophysical Research Institute of the HAS, Hungary
Kare Njoten	University of Bergen, Norway
Karen Aplin	Rutherford Appleton Laboratory, U.K.
Leonid Babich	Russian Federal Nuclear Center - VNIIEF, Russia
Leonid Sorokin	Peoples' Friendship University of Russia, Russia
Manuel Arrayás	Universidad Rey Juan Carlos, Spain
Martin Fullekrug	University of Bath, U.K.
Matteo Tacconi	ESA/ESTEC, The Netherlands
Michael Rycroft	CAESAR Consultancy, U.K.

Michel Godefroy	CETP, France
Michel Parrot	LPCE/CNRS, France
Mikhail Panasyuk	Moscow State University, Russia
Mitsuteru Sato	Hokkaido University, Japan
Nathalie Huret	LPCE/CNRS and Université d'Orléans
Nikolai Ostgaard	University of Bergen, Norway
Norma Bock Crosby	Belgian Institute for Space Aeronomy, Belgium
Olivier Chanrion	National Space Institute, Technical University of Denmark, Denmark
Oscar van der Velde	Universitat Politècnica de Catalunya, Terrassa, Spain
Paul Gille	LPCE/CNRS, France
Paul Henry Connell	University of Valencia, Spain
Robert Newsome	Stanford University, U.S.A.
Roy Yaniv	Tel Aviv University, Israel
Serge Soula	Université de Toulouse, France
Stanislav Davydenko	Institute of Applied Physics RAS, Russia
Steen Laursen	National Space Institute, Technical University of Denmark, Denmark
Stefan Thonnard	Office of Naval Research, U.S.A.
Tai-Yin Huang	Penn State Lehigh Valley, U.S.A.
Thomas Farges	CEA/DASE, France
Thomas Gjesteland	University of Bergen, Norway
Torsten Neubert	National Space Institute, Technical University of Denmark, Denmark
Umran Inan	Stanford University, U.S.A.
Ute Ebert	CWI Amsterdam and Eindhoven University of Technology, The Netherlands
Vuong Nguyen	Eindhoven University of Technology, The Netherlands
Yngve Skogseide	University of Bergen, Norway
Yoav Yair	The Open University of Israel, Israel
Yukihiro Takahashi	Tohoku University, Japan
Yuri Shlyugaev	Institute of Applied Physics RAS, Russia
Zenon Nieckarz	Jagiellonian University, Poland
